## TOWN WARRANT

---

*To the Inhabitants of the Town of Newfields, in the County of Rockingham, in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Newfields, on Tuesday, the ninth (9th) day of March next, at two o'clock in the afternoon until nine of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town and School District Officers for the ensuing year.
2. To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year.
3. To see if the Town will grant a discount of 2% on taxes paid in full thirty days after the taxes are committed to the Collector.
4. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate of \$25,000.00 in anticipation of the collection of taxes for the current municipal year and to issue in the name and on the credit of the Town negotiable notes therefore, said notes to be repaid during the current municipal year from taxes collected within the current municipal year.
5. To see what action the Town will take relative to the authorization of the sale of real estate held or acquired by the Town on account of purchase at tax sale.

6. To see what action the Town will take toward the acceptance of reports of Town Officers as printed in the Town Report.
7. To see if the Town will vote to authorize the Water Commissioners, with the approval of the Selectmen, to borrow money in anticipation of revenue.
8. To see if the Town will vote to authorize the Fire Chief to send fire apparatus out of Town and receive fire apparatus from other Towns on a donated basis in accordance with the provisions of R.S.A. Chapter 154.
9. On petition of George E. Smith and nine others to see if the voters of the Town of Newfields will vote to change the term of office of the Town Clerk from one year to three years; as provided for in Chapter R.S.A. 41:16a.
10. On petition of Elizabeth Hankin and eleven others to see if the voters of the Town of Newfields will vote to change the term of office of the Tax Collector from one year to three years; as provided for in Chapter R.S.A. 41-2A.
11. To see if the Town will vote to transfer to general funds the unexpended balance of three hundred eighty-seven dollars (\$387.00) remaining in the 1970 Water Extension Fund.
12. To see if the Town will vote to allow the Fire Department to purchase a Smoke Ejector and other equipment, using the unexpended balance of five hundred forty-eight dollars and twenty cents (\$548.20) remaining in the new Fire Truck Fund.

13. To see if the Town will vote to return to general funds the Capital Reserve Fund for grading opposite the Catholic Church.
14. To transact any other business that may legally come before this meeting.

(Business meeting to be held at 8 p.m.)

Given under our hands and seal this twentieth day of February in the year of our Lord, Nineteen Hundred and Seventy-One.

CLARK R. CADY,  
ROBERT E. NIXON,  
ALFRED CONNER, JR.,

## REPORT OF NEWFIELDS WATER BOARD

The Dixon Avenue water extension was completed and all tests met specifications. The extension was accepted by the Water Extension Committee and presently supplies four residents.

Kingston Warren Manufacturing Company, Inc., extended the water main from Main Street and Piscassic Road down to Pleasant Street at their own expense to insure an adequate water supply for their fire protection. This extension was deeded over to the town, to be maintained by the water department.

ROBERT GOERNER, *Chairman*,  
REGINALD SHARP,  
ROBERT McLAUGHLIN,  
Water Commissioners.

AUDITOR'S CERTIFICATE

To the Board of Selectmen  
Newfields  
New Hampshire

We have examined the balance sheet of the Town of Newfields as of December 31, 1970, and the related statement of revenues and expenses for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other procedures as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet and related statement of revenues and expenses present fairly the assets and liabilities of the various funds of the Town of Newfields as of December 31, 1970, and its income and expenses for the year then ended, in conformity with accounting procedures applied on a basis consistent with that of the preceding year.

Respectfully submitted,

Joseph J. Giordani  
Certified Public Accountant

Dated March 5, 1971

## FIRE DEPARTMENT REPORT

Our records for 1970 do not show any great losses caused by fire.

There have been nineteen calls for assistance from the fire department; three calls for Mutual Aid to assist Exeter, Durham and Brentwood, four Boston and Maine to put out ties burning, one grass, one woods, one LP Gas leak and one car fire. We participated in the following parades: Exeter, Kingston, Kittery, and demonstration at the Portsmouth Navy Yard.

The new fire truck received last April has proven to be what we have needed for a long time.

As you know the Exeter Fire Department sounds our alarm, with twenty-four hour coverage. When you need to call the fire department open the cover of the telephone book and listed under NEWFIELDS, dial 778-8321 for fire. Be sure to give your name and street location. Make sure that you have given the dispatcher all the information necessary to locate the fire. The alarm will be sounded before your message is completed.

If you sound the alarm from one of the street boxes, stay at the box until the department arrives so that you can explain the nature of the call.

As fire chief I want to thank all the members of the fire department and the Fireflies and all who assisted in helping to keep our fire losses to a minimum. With your help 1971 could give us another good record.

Respectfully submitted,

ERNEST C. CHICK,  
*Fire Chief.*

## Report of Forest Fire Warden and District Chief

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued co-operation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning. Such burning is restricted by regulation to prior to 9:00 a.m. and after 5:00 p.m. with the following exceptions:  
Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.
2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children. Keep matches out of reach of children. This action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help," and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State — 484 fires, 244 acres ; District — 30 fires, 42 acres

IVAN E. SCRANTON,  
District Fire Chief

D. PERRY SMITH,  
Forest Fire Warden

## POLICE DEPARTMENT

### Report of Activities for Year Ending December 31, 1970

**EARLY DISMISSALS:** Pupils will go home early on these dates so that all teachers in S.U. 16 can assemble for teacher inservice training workshops and curriculum development. These workshops will generally run from 2 p.m.-4 p.m.

## SCHOOL WARRANT

---

*To the Inhabitants of the School District in the Town of Newfields, New Hampshire, qualified to vote in District affairs:*

You are hereby notified to meet at the Town Hall in said District on the eighth day of March, 1971, at eight o'clock in the afternoon.

District officers to be elected at Town Meeting on Tuesday, March 9, 1971, as follows:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Member of the School Board for the ensuing one year.

School District business meeting to be held at 8:00 o'clock in the afternoon on March 8, 1971, to act upon the following subjects:

1. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
2. To choose agents, auditors, and committees in relation to any subject embraced in this Warrant.
3. To see what sum of money the District will vote to raise and appropriate for the support of Schools, for the payment of salaries for School District Officials and Agents and for the payment of the statutory obligations of the District, and to authorize the application against and appropriation of such sums as are estimated to be received from the State Equalization Fund together with other income; the School Board

to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the Town.

4. To transact any other business that may legally come before this meeting.

Given under our hands at said Newfields this nineteenth day of February, 1971.

ROBERT L. SIMPSON,  
CATHERINE BARRON,  
NANCY MATTHEWS,

*School Board of Newfields, N.H.*

A true copy of Warrant — Attest:

ROBERT L. SIMPSON,  
CATHERINE BARRON,  
NANCY MATTHEWS,

*School Board of Newfields, N.H.*

## REPORT OF THE SCHOOL BOARD

---

The annual School District meeting was held at the Town Hall on March 9, 1970. District officers elected at the Town Meeting on March 10, 1970, were Lindsey R. Brigham, Moderator; Mary B. Hallinan, Clerk; Barbara Hallinan, Treasurer; and Nancy Matthews, member of the School Board for three years.

The Board elected Dr. Charles Kurth as Chairman and Nancy Matthews as Secretary. Dr. Kurth moved to Florida during the summer of 1970 and Robert L. Simpson was elected Chairman. The Board appointed Catherine Barron to serve until the School District elections in March, 1971.

Robert Simpson has been the Newfields representative on the AREA School Advisory Committee. The Committee meets several times a year, and is responsible for recommending improvements or changes in curriculum and other school programs and services at the Junior and Senior AREA Schools.

A new science program involving a "learn-by-doing" concept has been adopted throughout the Union. Initial reactions to the new program have been exceedingly positive. Textbooks and materials are current and much more meaningful to the students.

A very important contribution to the learning potential of the students at the Newfields School is the continued integration of remedial reading services. This past year, a great deal of effort has gone into assisting the faculty to better cope with a wide range of learning abilities.

Along with the other small towns of the Union, Newfields adopted a pay scale for full-time teaching person-

nel. The scale adopted for the 1970-71 school year was a \$6,200-\$7,400 scale in five steps. The State Department of Education has urged the adoption of salary schedules in all towns in the state.

The Board commends the P.-T.A. for its development of a bowling program for the students at the Newfields School. This program has been received enthusiastically by the pupils and greatly enhances the extra-curricular program of the school. The soup program continues to be an important contribution of this organization.

Over the past year, the Board has made particular efforts to improve the care and maintenance of the school. Faculty comments, as well as our own observation, indicate that the school opened in September, 1970, after the most thorough cleaning and refurbishing project in recent years. The Board would like to extend its continued appreciation to Raymond Marshall, school custodian, for his efforts to better maintain our school plant.

The Board humbly expresses its sorrow in the loss of a most recent member. Glendora Lawrence's dedicated contributions to the young people of Newfields will long remain in our hearts.

We feel that over the past year, the Newfields Elementary School has provided a productive and meaningful educational experience to the young people of the community. This was not possible without the sincere dedication and effort of the total educational team in cooperation with the citizens of Newfields.

SCHOOL BOARD OF NEWFIELDS, N. H.

ROBERT L. SIMPSON, *Chairman*,  
CATHERINE BARRON,  
NANCY MATTHEWS.

EXETER, N.H. 03833

July 14, 1970

School Board  
School District of Newfields  
Newfields, New Hampshire

Gentlemen :

I have examined the books, vouchers, bank statements and other financial records of the treasurer of the School District of Newfields for the fiscal year ended June 30, 1970. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statements present fairly the summary of receipts and disbursements for the fiscal year ended June 30, 1970, and reflect the correct cash balances as of June 30, 1970.

Respectfully submitted,

STEPHEN W. HENNEBERRY, C.P.A.

Exeter, New Hampshire  
July 14, 1970

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

EDWARD A. ADAMO

The new school year began with a Union-wide faculty meeting at the AREA Junior High School on Tuesday, September 8, 1970. Classes opened for instruction on Wednesday, September 9, 1970.

Newfields Elementary School opened this year with 114 pupils, a decrease of 10 pupils under the beginning of school a year ago.

In curriculum, the school has this year introduced a new science program, Grades 1-4. Scott, Foresman, publisher of our present reading series Grades 1-6, has announced discontinuation of its existing series in 1971. This has stimulated our professional staff to examine new programs, including Scott, Foresman's, with the object to replace the existing readers over the next few years.

Mr. Michaud reports a closer correlation of the corrective reading program with the reading program in the classrooms. The principal has also introduced a program of volunteer teacher aides this year. The Robert Lawrence Memorial Library is growing, aided by the Glendora Lawrence Memorial Fund. Mr. Michaud extends appreciation to the Newfields Community for their continuing help and cooperation.

A note of severe loss must be included in this report concerning the untimely passing of Glendora Lawrence. All who knew her knew the gentleness, vitality and concern that was so characteristic of her. Those among us, familiar with her work on behalf of the schools and young people in general, will forever honor her memory.

Supervisory Union #16 offices were relocated in August of 1970, to its present address at 24 Front Street,

third floor. The elevator at the parking lot in the rear of the building gives the visitor his most convenient and direct access to the Superintendent's office. With the addition of a seventh town, Brentwood, to Supervisory Union #16, effective July 1, 1971, the workload of the office will undoubtedly increase significantly. Enrollment within the Union is likely to run in the neighborhood of 3,700 pupils during 1971-72. Not many years past, the Union educated only half this number of pupils.

There were three teachers new to the Newfields School in September, 1970. All three were replacements. Mr. Michaud was appointed principal to replace Mr. Hackett. The present staff and their assignments are listed below:

David Michaud, *Principal, Grade 4*  
 Mrs. Pearl Marston, *Grade 1*  
 Mrs. Janice Roberts, *Grade 2*  
 Mrs. Maureen Bigelow, *Grade 3*  
 Miss Lynn Mandeville, *Grade 5*  
 Mrs. Susan Lundholm, *Grade 6*  
 Mrs. Virginia Chisholm, *Art*  
 Mrs. Catherine Verville, *Remedial Reading*  
 Mrs. Sally Wool, *Music*

The tuition rates for 1971-72, as approved by the State Department of Education and announced by the Exeter School Board, are:

Estimated Per Pupil Cost for 1970-71	
Grades 9-12	\$880.51
Rental Charge	37.49
<hr/>	
Total 1971-72 AREA High School Tuition	\$918.00
Estimated Per Pupil Cost for 1970-71	
Grades 7-8	\$764.67
Rental Charge	40.33
<hr/>	
Total 1971-72 AREA Junior High School Tuition	\$805.00

These estimated per pupil costs for 1970-71 are the basis for setting tuition rates for 1971-72 in accord with the AREA contract; a rental charge is added to make up the total tuition. The new tuition rates for 1971-72 compare with the state average per pupil costs of \$759 per High School pupil and \$728 per Junior High School pupil, exclusive of rental charges. One should note that the state average is based on operating expenditures for all New Hampshire schools for the year 1969-70. This places the State costs two years in arrears of tuition year costs while Exeter costs are one year in arrears of tuition year costs.

Your attention is directed to the following reports and tables.

## REPORT OF SCHOOL HEALTH SERVICES

---

### *To the Superintendent of Schools:*

The School Health Service is designed to serve the physical and emotional needs of all children in the school system — collectively and individually; to promote an awareness among parents and educators of these needs and of available help through this department. The School Nurse offers leadership and guidance to the development and maintenance of the overall health program.

Specific health services were listed in detail in the 1969 report and have been carried out in much the same pattern during the past year. Parents are welcome and encouraged to visit the health office for conference when there is a health related concern to be discussed.

Through education only can we expect returns from our efforts to establish understanding and good practices of health, hygiene, and safety. We plan to have interesting speakers, new films, filmstrips, publications and other aids to enrich the health education curriculum — ideally for use in connection with special class units at a time when material will be most interesting and useful to the students.

Phase II of the three part in-service training project developed last year in cooperation with the N.H. Department of Special Education, was directed by Dr. Clyde Shepard, Keene State College, and recently carried to a conclusion after a series of seven classes. This seven week course for tutors and aides was primarily to offer basic information and techniques on working with the learning handicapped child either in the classroom or on a one to one basis. It is hoped that all who attended will

feel more confident and motivated in the time they so generously contribute toward rescuing a child who "cannot seem to learn."

The earlier our investment of time, talent, and funds the more realistically we may anticipate success in reaching these children before it is too late. Utilization of all community resources is essential if we hope to fulfill our obligation toward meeting their learning needs.

Finally, plans are now being developed for a parent program of six weekly sessions through which parents may have an opportunity to hear outstanding professionals in the field of child psychology and special education, to join in discussion groups and thereby gain in their knowledge and understanding of children who may be educationally or socially handicapped. Indeed, many of these discouraged-through-failure children do present behavior problems in the home and any program intended to fully serve the needs of these children must, therefore, reach not only educators and para-professionals, but parents — parents whose role in understanding, management and encouragement of this special child is vital. Dates and further details of meetings will soon be announced.

I should like to acknowledge with gratitude the many valuable hours contributed by Health Service Volunteers. Only their competent assistance has enabled us to carry out our far reaching Health Service program. My appreciation is also extended to the Superintendent of Schools, Members of the School Board and teaching personnel with whom it has been a pleasure to work.

Respectfully submitted,

VIRGINIA D. HOLDER, R.N.

## REPORT OF REMEDIAL READING PROGRAM

---

The town supported Remedial Reading Program has been in progress for two years. In October of the school year, 1970-1971, forty children were individually tested to determine specific reading disabilities. Referral testing is conducted upon request by the classroom teacher.

As a result of the initial testing, twenty-four children are enrolled in the Remedial Reading Program. Their entire reading program is planned and supervised by the Remedial Reading Teacher and implemented by the classroom teacher. Individual instruction is also provided twice a week, on Tuesday and Wednesday, for a thirty minute period.

School-wide reading testing is also a service rendered by the program.

Reading materials are not only available for the program but for the entire school population as well, and have been used extensively.

With the cooperation received from the principal, the classroom teacher, the parents and the students themselves, the Remedial Reading Program has proved to be a successful endeavor.

Respectfully submitted,

CATHERINE VERVILLE,

*Remedial Reading Teacher.*

# 1971 REPORT OF THE BUSINESS ADMINISTRATOR

DANIEL C. DURGIN

---

Rising enrollments, increasing costs, the lack of meaningful state revenue, and the consequent climb in tax rates continue to plague those of us who must live with these problems daily. Education, perhaps more than any other single field, is caught up firmly in today's economic squeeze. I sometimes feel that the general public believes that we in educational administration are unconcerned about rising school budgets and the impact they have on the taxpayer. I can only say that we are genuinely and very deeply concerned and troubled with the economics of our schools.

It is perhaps true that only one involved directly with public education can fully appreciate the almost impossible task of balancing a sound and meaningful educational program with revenue requests that are manageable for the property owner and taxpayer. Unfortunately, it is he to whom we look for 70%-90% (depending upon the district) of our total revenues.

It is my personal opinion that we must consider other methods of funding all local services including our schools. The property (real estate) tax is an archaic form of taxation originally levied many, many years ago when only those of financial means owned property. Given that situation and the fact that land was once the major source of wealth, the property tax made good economic sense. In the 20th century, industrialized America, it no longer makes sense.

Today the circumstances are very much different. Now the property tax is rapidly developing into a levy

which pits neighbor against neighbor, discriminates against the less advantaged and those on fixed retirements, and in all too many cases, has placed towns in the real estate business selling property for unpaid taxes.

From where I sit, it seems apparent that something has to be done. I see no possibility, with increasing population and the effects of inflation, of school budgets going anywhere but up. It is imperative that we work toward a re-structuring of our system of taxation in order to bring about a more equitable climate for all.

Sounding a more cheerful note, I feel great progress has been made in Union #16 over the past 18 months in bringing the districts together into a more viable economic unit. Much has been accomplished in the area of joint bidding and purchasing, yielding significant savings to all of our towns. Positive steps have been taken in an effort to update, where necessary, and maintain our facilities in sound physical condition. Efforts are currently under way to streamline, wherever possible, our transportation system looking toward sharing buses among towns where new routes and additional buses become necessary. New methods of budgeting have been introduced which provide even greater detail than was previously possible and which, hopefully, will give your School Board members the kind of information which you, their constituents, demand and are entitled to.

In summary, let me say that my service to you continues to be demanding and challenging but always personally rewarding.

I look forward to working for and with you in the months and years ahead.

# REPORT OF TEACHER CONSULTANT

FREDERICK B. KING

---

For the past year a major study has been underway in a Science curriculum study, Grades 1 to 12. The program selected for the Elementary schools was Science — A Process Approach which places emphasis on students participation rather than the learning of an isolated body of facts. The program is already in the first three grades and some of the fourth and fifth grades. It is being well received by teachers and pupils.

Workshop sessions were held this fall in order to give teachers the necessary background methods of handling this program.

An excellent method of evaluating pupils' achievement and progress is built into the program. This goes along with today's educational trend of achieving instructional objectives that are measureable in the child's learning process.

I am continuing to act as Federal Title Director as various projects with Federal funding come into our union.

Our transition classes for immature Grade 1 aged children continues as a highly successful Federal Funded project. The school year 1971-72 will see Federal Funds dropped on this project. I am in hopes that local budgets can pick up this worthwhile activity of learning.

Through the National Defense Education Act I was able to obtain 50% of the cost of implementing the new Science program. This enabled us to get it into more

classrooms faster than previously planned with local funds.

The ESEA Title II library project will put approximately 1,500 new library books into our elementary and secondary libraries. We also have available a film-strip library which serves all of our communities.

Two new exciting projects for which we hope to receive Federal funds are now in the planning stages. One will investigate new ways to teach reading and the other will concern itself with learning disabilities. I hope by next year to have a favorable report regarding these projects.

On July 1, 1971, I start my tenth year in the service of this area and each new year brings new and exciting ways of working with teachers and pupils. May I take this opportunity to thank everyone for the support shown as we try to improve the programs of our schools.

---

## SALARIES OF TEACHERS

---

Mr. David Michaud, <i>Grade 4 and Principal</i>	\$7,550.00
Mrs. Pearl Marston, <i>Grade 1</i>	\$7,400.00
Mrs. Janice Roberts, <i>Grade 2</i>	\$6,800.00
Mrs. Maureen Bigelow, <i>Grade 3</i>	\$6,500.00
Miss Lynn Mandeville, <i>Grade 5</i>	\$6,500.00
Mrs. Susan Lindholm, <i>Grade 6</i>	\$6,200.00
Mrs. Virginia Chisholm, <i>Art</i>	\$1,150.00
Mrs. Sally Wool, <i>Music</i>	\$1,150.00
Mrs. Catherine Verville, <i>Remedial Reading</i>	\$2,650.00
